

MUNICIPAL PROPERTY ASSESSMENT CORPORATION

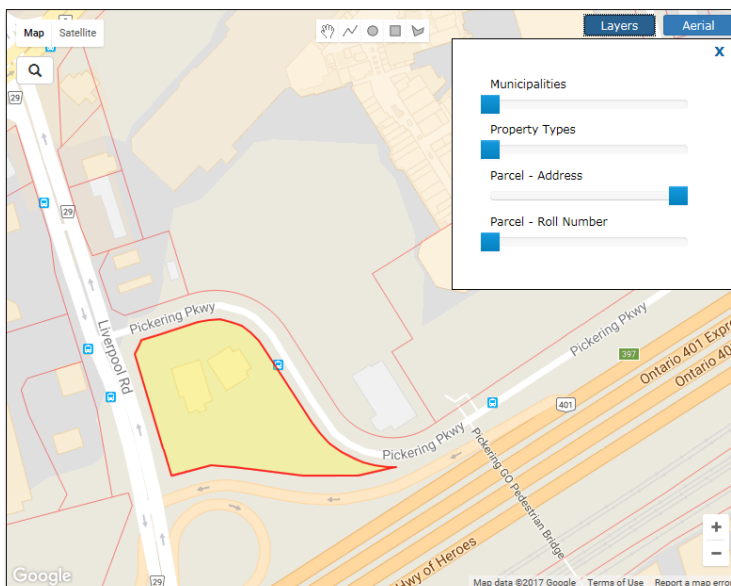

Multi-Vintage Ariel View Reference Sheet September 2017

This reference sheet is for users who have taken the Municipal Connect 2.0 training and have the ability to perform Search functionality in Municipal Connect 2.0.

Using Multi-Vintage Ariel View

Locate the property by either entering search criteria on the search tool, or by zooming in or out on the corresponding map.

Add the Address Layer to invoke the parcel boundaries then double click to highlight the property of interest.

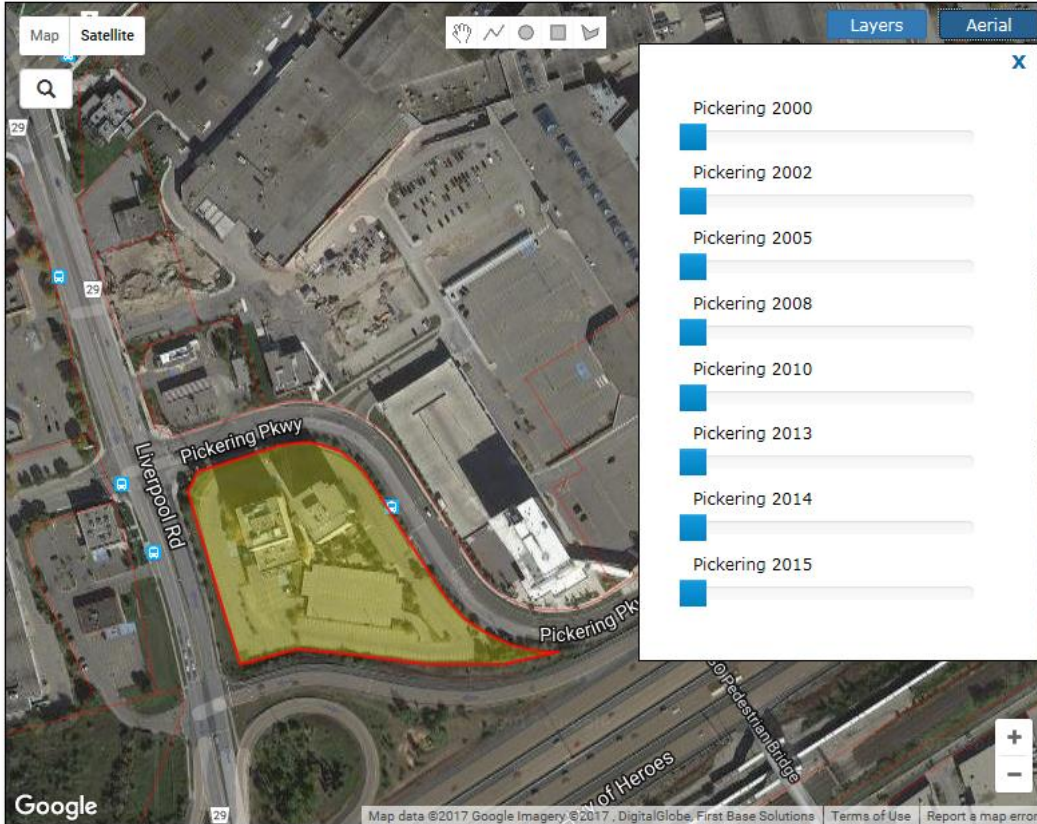

Double-click again to see thumbnail view of the property's details.

MUNICIPAL PROPERTY ASSESSMENT CORPORATION

Turn on the Satellite view, and then turn on the Aerial feature. A list of available vintages will appear.

To compare vintages, choose the Map tab on the left side of the Search Tool.
