

MUNICIPAL PROPERTY ASSESSMENT CORPORATION

Important Update:

New Email Address for Severance/Consolidation Information Forms

We are making enhancements to our core business systems to improve the processing of severances, consolidations and ownership changes.

The enhancements will be implemented from March 22 to 31, 2019. During this period, municipalities can continue to submit Tax Applications and Enquiries; however, you may experience delays in our response times.

Our systems will be back online April 1st and we will make every effort to bring all work activity up-to-date as soon as possible.

Beginning April 1st, you will receive Severance/Consolidation Information Forms by email directly from our WorkSight portal, similar to the way you receive Tax Applications. **Please add no-reply@mpac.ca to your safe senders list, to ensure you receive the emails.**

While we do not anticipate any additional delays, we ask for your patience as we transition to the new system for processing severances and consolidations.

If you have an urgent enquiry, or would like more information, please contact your local Municipal and Stakeholder Relations Account Manager.
